

COVID 19 EZ Sheet: Close Contact Quarantine Guidance

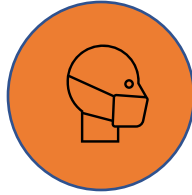

Measures to be taken when student or staff has close contact¹ with a COVID 19 positive individual.

Vaccinated Staff

Procedures:

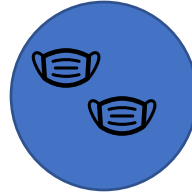

- Staff who have had a booster or are vaccinated and not yet eligible for a booster, do not need to quarantine, but testing 5 days after close contact is recommended
- Vaccinated Staff who are eligible for a booster, but have not yet had one, must quarantine for 10 days from the last date of contact unless they comply with the following criteria:
 1. Obtain a negative COVID test 3-5 days after last date of close contact
 2. Wear a face covering for 10 days from the last date of close contact

Unvaccinated Staff

Procedures:

- Staff must quarantine and notify supervisor & Benefits (909)386-9592, (909)386-9562, to discuss leave
- Staff must test at least 5 days after the last exposure date and return to work on the 6th day if test is negative
- Staff must continue to wear a face covering for 10 days from the last date of close contact
- Staff who are unable to or choose not to test must quarantine for 10 days from the last date of close contact.

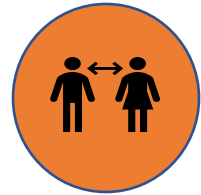

Masked Students

Scenario: When both parties are wearing masks during close contact

Procedures:

- Students **DO NOT need to quarantine** if ALL of the following criteria are met:
 - Student is asymptomatic
 - Student continues to wear a mask
 - Student is tested 2x per week **for the next 10 days**
 - Student quarantines from extracurricular activities (i.e. sports)

Vaccinated students and students previously infected with COVID in the last 90 days **are NOT** required to quarantine

Unmasked Students

Scenario: When one or both parties are unmasked during close contact

Procedures:

- Student must quarantine and test at least **5 days** after the last exposure date
- If test is negative, then student can return to school **on the 6th day** from the date of exposure
- Students who are unable to or choose not to test must quarantine for 10 days from the last date of close contact.

Vaccinated students and students previously infected with COVID in the last 90 days **are NOT** required to quarantine

¹ CDC and CDPH define Close Contact based on proximity and duration of exposure: within 6 feet of someone who has COVID for a cumulative total of 15 minutes or more over a 24-hour period. **If the staff or student tests positive or becomes symptomatic, please refer to the Notification Guidance for Positive COVID 19 Cases document for further steps.** Guidance based [CDPH](#) and [Cal/OSHA](#).
